TO WHOM IT MAY CONCERN:

New Biz Communicators and its President, Peter Burke, have been under contract to us of the last 3 years as new business generators.

They have been an invaluable aid to our sales department by identifying, targeting and securing key executive level meetings within our targeted prospect base.

Under Peter's leadership they have consistently demonstrated outstanding skills and abilities.

We recommend them without reservation to any organization needing to expand nationally or globally. With their help we have added Rolls Royce, Nissan and other major multinationals to our list of clients.

If you need more information, do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Adrian Butler".
