To Whom It May Concern:

We have been fortunate in retaining the services of 1581372 Ontario Limited (“Gold Calling”) for the past 3 years.

During that time they consistently set meetings for us with senior executives from our “target prospect lists” and have surpassed my expectations on the high level of contact we have met through Gold Calling.

This steady supply of high level meetings combined with key coaching of our sales people by Gold Calling, led by their two founders, Peter and Steven Burke has resulted in our adding major multi-national corporations like Airbus, Land-Rover, Rolls-Royce and Nissan to our growing list of clients.

Furthermore, I have also found their business and, in particular, sales knowledge a valuable and willing mentoring resource

We can confidently recommend them to anyone seeking to expand their business nationally or globally.

Yours sincerely,

Duncan Robb,
Vice President Business Development
Newton Industrial Consultants
